My dear Mr. [Name]

I have just received your letter of the 10th inst. and am glad to hear from you. I am well and hope this finds you the same. I have been thinking much of late about the future of our country and the state of our Union. It seems to me that we are passing through a critical period in our history and that the result will determine whether we are to remain a united people or become a collection of warring states.

My dear Mr. [Name]

I have just received your letter of the 10th inst. and am glad to hear from you. I am well and hope this finds you the same. I have been thinking much of late about the future of our country and the state of our Union. It seems to me that we are passing through a critical period in our history and that the result will determine whether we are to remain a united people or become a collection of warring states. I believe that the only way to preserve our Union is by maintaining a strong central government and by ensuring that the rights of the minority are protected. I am sure that you will agree with me in this. I am, dear Mr. [Name], very respectfully,
Your obedient servant,

from our quarterly meeting held at Newport 13th 11 month
1709 to the monthly meeting of women friends held at
east Greenwich being now known we thank have been glad
to a few some of you fear if weather & other commanding
had been for it how to it we gladly decided your account
in writing & see again the Lord may further concern
you in it with his grace in visiting of friends though
some disagreeing things now appear in many yet look
not so much at that as the sufficiency of it power
which is the qualification of all it much do service for god
dear friends eye if power & love to feed something of it
to go along with you & in it exchange your services
faithfully & then though you go forward & slowly you will
go safely & the Lord will prosper his one work which he
has begun which is a work of Reformation reforming
you encouraged to come up every one in your place
& service in Church as more particularly in the first
place every one in her own family to discharge a good
Conscience in the sight of god supplanting lascivious and
liberty amongst children & servants

on the love of truth in which we are concerned and
if they will get them rid of being punishable
in their families or in the Church of Christ who can help
such we will forgive them with you but not to turn of
without hope if the Lord will with some of their children
and make us happy for his use of such as please him
therefore dear friends we encourage all of you if fear the
Lord & are concerned to raise up your little ones that in
our on strength & down together hands in hand in the work
whereunto you are called & glad not because of some
discouragement if may seem to appear in go forward
and the Lord will prosper his work in the hands of his
handmaids who are truly concerned for prosperity of truth
